Symbol for sharp blades: Handle with care.

Recycling symbols: Indicates environment friendly disposal.

Statements**CE marking**

The issuing of a declaration of conformity according to CE is only required for products and systems that rank among the Machinery Directive 2006/42 / EC. Hand tools such as our original LÖWE shears do not meet this definition and do not refer to this guideline. In this respect, the issue of a declaration of conformity according to CE is not required applying to our Original LÖWE products.

REACH regulation

The REACH regulation (EC) No. 1907/2006 is an EU chemicals regulation for the registration, evaluation, authorization and restriction of chemicals.

REACH stands for "Registration, Evaluation, Authorization and Restriction of Chemicals".

We hereby confirm that our Original LÖWE products do not contain any of the substances at all or above the specified limit values that are critical according to the latest version of the REACH regulation. We also have this confirmed by our raw material suppliers frequently.

RoHS directive

The RoHS directive (Restriction of certain Hazardous Substances) is used to restrict the use of certain hazardous substances in electrical and electronic equipment. Our products are operated purely manually and therefore do not belong to this product group. The RoHS directive therefore does not apply to our Original LÖWE products.

Section 1502 - Dodd-Frank Act

We declare that the products supplied by us do not contain any conflict minerals listed in the Dodd-Frank Act.

TSCA

We certify that all products and packaging supplied by us comply with the requirements of the Toxic Substances Control Act of 1976 (TSCA).
