from 2023-06-27 only valid with the actual valid Monitoring Confirmation

1. The registration number of the Notified Body (0193) must be added to the CE marking.
2. This Safety Footwear with protection against chain saw cutting confirms all requirements of DIN EN ISO 17249:2014 with the exception of clause 6.2 (height of the lowest point of the upper and height I of protective area). These properties are - based on ergonomic aspects - lower than the requirement of the standard to reduce the mechanical load on the knees. It is important to ensure the overlap of the cut resistant trousers with the boots.
3. The safety footwear with orthopaedic insoles are suited for the application of the ÖN-Z1259-2017 [Austrian standard], variant A and correlate to the description in annex 2 of DGUV Rule 112-191 / 112-991 (BGR 191) clause 4.2.1.

The tested type complies with the essential requirements of
Annex II of EU Regulation 2016/425 (Personal Protective Equipment)
