PRODUCT INFORMATION

Product name: KOX Socks Dryarn

Article number: XX77304

Product category: Textiles, clothing and shoes

Product description: The KOX Coolmax socks are a strong and durable companion for work and leisure. That proven blend of Coolmax and wool combines warming and cooling Properties for year-round use in a wide temperature range. Even if conditions and activities change frequently throughout the day, these KOX socks are the perfect choice for Ideal as an "all-rounder".

Material: 55% Coolmax, 20% Wolle, 20% Polyamid, 5% Lycra

Labeling: The OEKO-TEX® Standard 100 is a globally recognized and independent Certification standard for textiles that have been tested for harmful substances. It ensures that textile products contain pollutants that can be dangerous to humans.

Test standards/certifications: There is a risk of slipping on slippery floors. Be especially careful when walking without shoes. Wash the socks according to the washing instructions. Improper cleaning can affect the material and fit. Wear only the right size. Socks that are too tight can hinder blood circulation.
