PRODUCT INFORMATION

Product name: BELT FOR TROUSERS

Article number: XX72510

Product category: Textiles, clothing and footwear

Product description: The durable KOX belt made of robust fabric is infinitely adjustable and is ideal for everyday use, forestry work or outdoor adventures. With its flat aluminium buckle, it offers a high level of comfort and convinces with its timeless, plain-coloured design for women and men.

Warnings / Warning icons: Do not exceed the maximum belt load capacity specified by the manufacturer to avoid material wear or breakage. Before each use, check the belt for signs of wear, damage, or fatigue. In case of visible defects, the belt should not be used. Make sure that all tools are properly and securely attached to the belt to prevent accidental loosening or falling. Adjust the belt individually to your height and shape to avoid back pain or other health impairments. Clean and maintain the belt according to the manufacturer's instructions to ensure the longevity and safety of the product.
