

Product safety information according to EU 2023/988

PRODUCT INFORMATION

Product name: KOX FLEX GREY GLOVES

Article number: XX75324

Product category: Textiles, clothing and footwear

Product description: The KOX Flex fine knit gloves made of polyamide with black nitrile coating offer a secure grip and excellent handling of dry and wet parts. Thanks to their anatomical fit, they ensure a high level of comfort, a realistic tactile sensation and are ideal for precise work that requires sensitivity. Their high abrasion and tear resistance also offers reliable protection for the hands.

Warnings / Warning icons: no cut-resistant gloves. protection function only for specific risks. Use appropriate gloves for the task at hand. Keep away from open flames and high temperatures. Wear only in the appropriate size. Gloves that are too tight or too wide can impair the protective function and increase the risk of accidents.

Test standards/certifications: ISO 21420, EN 388 4133X
