## PRODUCT INFORMATION

**Product name:** FLEECE JACKET WOMEN W/G

**Article number:** XX76124

**Product category:** Textiles, clothing and footwear

**Product description:** The KOX fleece jacket for women is a warm outdoor jacket with a soft teddy fleece lining that provides excellent insulation. Robust trims on the shoulders and elbows increase durability, while the high stand-up collar with chin guard and the detachable, lined hood offer optimal protection from wind and cold. The elastic hem on the sleeves and waistband as well as the modern cut ensure a comfortable fit. Material: 100% Polyester

**Warnings / Warning icons:** no cut-resistant jacket Signal colours only offer increased visibility in daylight. Additional lighting required in the dark. Jacket is water-repellent, but not completely waterproof. Use more suitable clothing for longer work in the rain. This jacket does not provide protection from heat and fire. Keep away from open flames and high temperatures. Wear only in the appropriate size to ensure protection and freedom of movement. Jackets that are too tight or wide can reduce the protective effect. Clean only according to the manufacturer's instructions. Improper care can impair the protective effect.

**Test standards/certifications:** Öko-Tex Standard 100

**Washing instructions/wash icons:**
