PRODUCT INFORMATION

Product name: FUNCTIONAL SHIRT LONG-SLEEVE OL

Article number: XX77184

Product category: Textiles, clothing and footwear

Product description: The KOX functional shirt combines a modern sporty cut with the best fabric properties. The QuickDry function for quick drying in combination with the elastane content in the fabric ensures maximum freedom of movement and a comfortable fit. The antibacterial property reduces odours. Due to the smooth structure of the fabric, sawdust can adhere with difficulty and can also be easily stripped off. Material: 87% polyester, 13% elastane.

Warnings / Warning icons: no cut-resistant jacket Signal colours only offer increased visibility in daylight. Additional lighting required in the dark. Jacket is water-repellent, but not completely waterproof. Use more suitable clothing for longer work in the rain. This jacket does not provide protection from heat and fire. Keep away from open flames and high temperatures. Wear only in the appropriate size to ensure protection and freedom of movement. Jackets that are too tight or wide can reduce the protective effect. Clean only according to the manufacturer's instructions. Improper care can impair the protective effect.

Test standards/certifications: Öko-Tex Standard 100, UV-Schutz UPF 40+, EN13758-1:2002+A1:2006
