PRODUCT INFORMATION

Product name: KOX Socks Merino Wool Light

Article number: XX77305

Product category: Textiles, clothing and footwear

Product description: The durable KOX Merino Wool Light socks offer the best wearing properties even in warm temperatures due to the high proportion of merino wool. The complete KOX sock is additionally reinforced with polyamide and lycra for a good compression function. This combines the pleasant wearing comfort of wool with high resistance. Material 47% merino wool, 40% polyamide, 13% lycra

Warnings / Warning icons: There is a risk of slipping on smooth floors. Extra caution when running without shoes. Wash socks according to the care instructions. Improper cleaning can affect the material and fit. Wear only the right size. Socks that are too tight can restrict blood circulation.

Test standards/certifications: Öko-Tex Standard 100
