PRODUCT INFORMATION

Product name: KOX Socks Merino Wool Heavy

Article number: XX77310

Product category: Textiles, clothing and footwear

Product description: The KOX Merino Wool Heavy socks are our warmest model and ideal for very cold temperatures. With a high merino wool content and a full terry knit, they offer excellent thermal insulation so that the feet remain protected all day long. Their voluminous construction also ensures pleasant wearing comfort in cut-resistant boots and heavy work shoes. Material 54% merino wool, 30% acrylic, 12% lycra, 4% polyamide

Warnings / Warning icons: There is a risk of slipping on smooth floors. Extra caution when running without shoes. Wash socks according to the care instructions. Improper cleaning can affect the material and fit. Wear only the right size. Socks that are too tight can restrict blood circulation.

Test standards/certifications: Öko-Tex Standard 100
